### **Parents Uniform Consultation**

We are considering making a change to our uniform whereby all students would be expected to wear trousers irrespective of gender. We would allow ankle length skirts, but the knee length skirt would no longer be an option.

All students, male and female would be expected to wear trousers. In order to implement a change of such nature, we would need to consult with staff, governors, parents and students.

Please take a minute to complete the survey using the link below; it should only take a minute.
